Arlington, VA 22202

Sir:

Applicants herewith submit a computer readable form (on compact disc, i.e., CD) of the sequence listing and two written forms, also on CD. I believe the contents of the three compact discs are identical.

Each compact disc was made on an IBM-PC machine format, using Windows 5.0 as an operating system. The only file on each compact disc is 00358jhu.seq sequence listing.txt which is 53.5 kB. The file was created on June 20, 2003.

Respectfully submitted,
